OUTSCALE COOKIES POLICY

What Is a Cookie?

A cookie is a text file stored on your computer or mobile device by the websites you visit. They are widely used in order to make websites work or work more efficiently.

Why Do We Use Cookies?

Cookies are used to improve user experience, to make websites operational, to improve their functioning and to provide information to the sites' publishers. We use cookies to ensure the proper functioning of our services and to analyze user navigation. By navigating our websites navigation on our websites, you accept the use of cookies.

Which Cookies Do We Use?

- **Audience measurement cookies**
  These cookies anonymously collect information during your visits to our websites. They are used to analyze and optimize browsing behavior.

- **Application cookies**
  These cookies are used to identify users and prevent them from having to re-identify themselves on each page.

- **Social media cookies**
  These cookies are used by social media. Sharing buttons on social media use cookies to track user navigation.

- **Necessary cookies**
  These cookies are essential for the website to function and cannot be disabled.

- **Statistics cookies**
  These cookies allow us to count visits and traffic sources, so we can measure and improve the performance of our website.

Excellence as a Service

The table below gives further details on the cookies we use:

Name	Description	Type	Website	Explanation
Langue du site	django_language	Necessary	cockpit-eu-west-2.outscale.com	This cookie is used to determine which language to display. It is essential for the website to function. It does not store any personal information.
